DO YOU BELIEVE IN SPIRITUALISM?

S' Oliver Lodge, the great English scientist now visiting America, in a recent interview to the Associated Press claims he frequently talks with his dead son, declaring there is no such thing as Death.

What people now call Death merely being the departure of the Spirit from its Earthly body to a higher Plane.

This eminent Scientist also declares that Mental Suggestion and Thought Transference are possible and many are possessed of this strange power without being aware

of it.

ROBERT CONNESS who is featured in the WITCHING HOUR, which is to be shown at the Williams Dreamland Theatre, Saturday afternoon and evening, February 28th, is in real life said to be a most remarkable Medium and in this, his latest production, brings this very strange power into play.

Never since the days of Svengali and Trilby has such a thing been attempted on the Stage or Screen as is presented by Conness in his latest Vehicle, The Witching Hour

BENTON, Ill., Feb. 28.—One lone cootie found in washroom of the Middle Fork mine of the United States Fuel company, yesterday caused 700 men to quit their jobs. The men propose to stay out until

the plant is fumigated. It is believed the cootie was brought over by some ex-service man in the employ of the company.

HEROES BED NOT ONE OF ROSES

Colored Man's Over Seas Record Saves Him From Jail Sentence.

Star News Service.

New York, Feb. 27.—William Harrison, a colored man, homeless and penniless, was taken from one of the sub-way stations where he had been finding refuge from the winter's severest blizzards, by a policeman who arrested him on a charge of vagrancy. Harrison, who had been a member of New York's pride regiment, the Fighting 15th, had been using the armory of this regiment for shelter until it was ordered closed on account of the "flu" epidemic. Without money, he had to seek shelter elsewhere and had gone where the police found him in the sub-way station. Harrison was taken before Magistrate Simpson for trial, which turned out most fortunate for him. He had claimed to be a member of the 15th N. Y. Regiment and to have been honorably discharged after heroic service in a number of battles over in France and investigation of his claims by probation officer Blumberg proved the truth of his story.

It happened that Magistrate Simpson had been interested in the organization of the 15th Regiment and his sympathy at once went out to Harrison in a time of great distress and worry. The kind hearted Magistrate surprised Harrison when he said:

"I am especially interested in your case, as I am the father of the 15th Regiment. Harrison, you have a record to be proud of. Many a man would give a fortune to possess it."

Harrison was of course discharged after a purse of five dollars had been raised for him. And thus the greatest country on earth treats one of her sons who had fought in several fierce battles and who had been three times gassed. And this is the way New York rewards one of the members of her pride regiment.

Mr. J. T. Wright, owner of the J. T. Wright Coal and Mining Company of Tulsa, an expert coal miner with 35 years experience, favored the Star office with a large job of printing for his company this week.

The two state senators are Mrs. Agnes Reidle of Denver, Colo., and Mrs. Elizabeth Haywood of Salt Lake City, Utah. All the women legislators are keen for education.

BISHOPS URGE A METHO-

DIST CHURCH UNION

Organic Union of Three Distinctive Colored Methodist Bodies Proposed.

Star News Service.

BALTIMORE, Feb. 28.—Organic union for the three distinctive colored Methodist bodies was urged here last week at the semi-annual sessions of the bishops of the A. M. E. Zion and A. M. E. churches. The proposal was received with enthusiasm when the bishops of the two churches exchanged fraternal greetings. The Colored Methodist Episcopal church went on record at its last general conference as favoring unification. Organic union would bring together 1,500,000 Methodists.

NEW ERA IN EDUCATION

SHOWN IN SOUTH.

Marked Progress Shown by General Educational Board in Negro School.

(Star News Service.)

NEW YORK, Feb. 28.—Educational progress in the South is reviewed in the second installment of the General Educational Board's annual report issued yesterday. The board laid out its programme at conferences with State superintendents, rural school agents, agents for negro schools and professors of secondary education at Baltimore and Old Point Comfort last April. By the end of the year various changes for improvements on the schools had been made in most of the Southern States, mainly by means of increased taxes or specific legislation for their benefit.

State School Commissions were appointed, County School Boards were chosen at annual elections, transportation was provided for children and homes for teachers; a new normal school for the training of negro teachers and a State university for negroes were established in Georgia; bonds were issued for school buildings, physical exercise was cultivated, a college was started for women in Mississippi, summer schools were started, and compulsory education laws were passed, embracing all children between the ages of seven and fourteen, with two years added for children unemployed after the age of fourteen.

Mr. Steve Richard, one of our taxi men, favored the office with printing this week.
